Product Description

SC-2013 FEATURES

- 10” Flat-free, foam-filled maintenance free tires
- 2 handle locations for easy transportation and control over rough terrain
- Briggs and Stratton 208 cc engine
- 14-gauge steel construction built to last with welded construction, instead of bolts holding it together like the competition
- Heavy-duty 7-gauge steel screens are available in four different sizes to fit a wide range of applications
- Reversible, heat-treated chipping and shredding blades
- Shredder hopper is 9.6” x 22” with a maximum shredder capacity of up to ¾”
