Product Description

DL1802VE Debris Loader

These units are ideal for mid to large property managers, contractors and mid-sized municipal applications. These heavy-duty units offer an all-new discharge chute for rugged wear and long life productivity. They feature a dual shredding 16” diameter armor plate impeller with Piranha™ blade that reduces debris up to 12:1 and maximizes trailer loading across multiple properties before dumping, saving you time and dump fees. This unit has CustomFit™ features that allow you to customize the loader to your truck. (DL1802VE pictured.)

Features -

Square Discharge Elbow

This all-new feature offers increased durability, longer life, and ease of service.

Dual Shredding System with Piranha Blade

For extra shredding. Serrated blades with cutting points for maximum truck loading and debris reduction up to 12:1.
