Product Description

Bearcat CH450H 4.5-inch Skid Steer Chipper

ADAPTABLE POWER.

Add a Crary Bear Cat skid steer Chipper to your shed and watch your to-do list shrink. Easy-to-attach plates make these skid steer Chippers adaptable to your power source.

Crary® Bear Cat®‘s line of skid steer Chippers attach in seconds and are driven solely by your skid steer’s hydraulics. They are available in standard models. All models will make short work of any troublesome debris.

Continuous chipping size rating refers to the suggested feeding size of limbs for normal operation. Requires 11-15 gpm flow. The CH450H is equipped with Common Industry Interface

CE compliant model is available.
